DIGITAL INDIA: AN OVERVIEW

Dr. Satish Chand Singhal*

ABSTRACT

Digital India is a campaign launched by the Government of India with an aim of transforming the country into a digitally empowered society and knowledge economy. The Digital India would ensure that Government services are available to citizens electronically. It would also bring in public accountability through mandated delivery of government's services electronically; a Unique ID and e-Pramaan based on authentic and standard based interoperable and integrated government applications and data basis. The initiative includes plans to connect rural areas with high-speed internet networks.
